

STEELMAN® PRO**FEATURES:**

- Test trailer lights at the trailer hitch using your smart device
- Only one person required for testing
- Tests running lights, brake lights, reverse lights, turn signals, and trailer brake link
- Compatible with most smart devices
- Free app available for download

QUICK START INSTRUCTIONS

1. On iTunes® or the Google Play™ Store, search for "Bluetooth® Trailer Tester" and download the latest app.
2. Plug Bluetooth® Trailer Tester into Trailer Wiring Connector on the tow vehicle's trailer hitch.
3. Open the Bluetooth® Trailer app. Press the "Scan/Pair" button on the main screen and select the "BTT_V1" Bluetooth® connection.
4. Once paired, the vehicle can now be tested by cycling through all lighting functions. As each function is tested, the corresponding lights will illuminate on the app if they are functioning properly.
